Take the strain off...

Specially designed for the chef who uses knives for long periods of time, or those who have difficulty in gripping.

However, everyone will feel the benefits of the contoured offset handle which provides the optimum angle allowing the arm, wrist and hand to work in a natural and relaxed position.

The design increases leverage, using the power of the whole arm which lessens fatigue. Equally comfortable in the left or right hand.

 Made in Sheffield.

ergonomic

High quality kitchen gadgets all benefiting from an easy to hold, ergonomically shaped handle.
