Seriously fun !

The Gourmet Choice Small Tools range is a fresh and fun collection of low cost kitchen items.

However, these tools are not gimmicks - each is an invaluable practical addition to your collection of kitchen gadgets.

Silicone Tool heads can withstand temperatures of up to 200°C.

The Neoprene Oven Mitt performs in excess of BS6526 (Thermal Insulation Test). The neoprene material is flexible and provides a good feel. The rubber surface provides a non-slip grip. The mitt is long enough to fully protect the wrist and lower arm.
