

The sharpest knives you'll ever use... or your money back!

the sharpest knife

We honestly believe ours are the sharpest knives ever and will refund the customer's purchase price if they do not agree.

The secret is that the knives have been precision ground from Razor Blade Steel.

Over 50 million of these blades have been made and sold worldwide.

The carefully styled handle gives a cool contemporary look.

Although we prefer hand washing these knives are Dishwasher Safe.

Made in Sheffield.
